

## University of Brighton Community Liaison Team

The University of Brighton is committed to increasing its engagement with communities in which students live or the institution is based. Any contact from members of the public is very welcome. The community liaison team are here to listen to you if you want help from the University, be it with a project or offering a placement to students' volunteers.

Of course we recognise that things do not always go smoothly and if it is a complaint that you wish to register about the institution or students behaviour in the community we are also here for you to contact us.
